Poster Session at ASA Aging in America Conference
March 12, 2014 ~ San Diego, California

Looking Beyond the Aggregate: Diversity within the AAPI Elder Population

Come see us March 12th from 1:15-2:45pm at the ASA Aging in American Conference in the Seaport Foyer, Board 202!

At this poster session, we'll showcase the reports that NAPCA has produced to more accurately identify the needs and barriers facing AAPI elders through disaggregated data.

Attendees will learn about:

- The importance of disaggregating data to understand the diversity within the AAPI elder population;
- Population, language, and economic characteristics of AAPIs 55+; and
- The needs and priority issues of AAPI elders as identified through a national needs assessment survey of AAPI community organizations

We'll have copies of our recently published reports that use publically-available data to highlight conditions that impact the quality of life of AAPI older adults.

Conference Location:

Manchester Grand Hyatt Hotel
1 Market Place
San Diego, CA 92101
